Bolivar, in waste ground
south of Allard's Dec. 26

14348 Legume. shrub in waste
ground near Avenida Bolivar.
fl. yellow, with fine reddish
longitudinal lines without 
Dec. 26

14349 Prostrate legume, fl.
pinkish purple, in tall field
near the shore line.
Dec. 26

14350 Prostrate legume, flowers
yellow. Near 14349.

Legume, with tiny purplish
flowers, prostrate, in tall
14351 field near the shore line.
Dec. 26

Legume, shrub with tiny
orange red flowers, in waste
14352 ground near Avenida Bolívar
south from Allard's.
Dec. 26

Grass.
14353 In waste ground near
Avenida Bolívar south of Allard's.
Dec. 26

14354 Shrub, in waste ground
near Avenida Bolívar; fl
yellowish; 4-5 ft. Dec. 26

14355 Grass. Near 14354.
Dec. 26

14356 Grass.
Near 14354, opposite Allard's
chloris Dec. 26

14357 Paspalum fimbriatum H.B.K.
waste ground with 14356
Dec. 26

Ornamental - flowers red
like a Japanese umbrella; very
14358 attractive; Ciudad Trujillo.
Mandarin hat
it is called.
Dec. 27.

14359 Grass, roadside,
Near Avenida Bolívar N.W. of
Allard's. Dec. 27.

14360 Grass, roadside
rooting at nodes. with 14359.
Dec. 27

14361 Sponvea - fl. light
lanceolar. Trailing over herbage.
2-2½ in. across. Old waste lot
near 14360 Dec. 27

14362 Sponvea, fl. large,
3 in. across; blue purple, Near
14361 Dec. 27.

14363 Carex. In waste ground
near Avenida Bolívar S.W.
of Allard's, Dec. 27

14364 Herbaceous, fl. white -
2-3 ft. Near 14363. Dec. 27.

Herb - 3 leaflets, palmate.
fl. tiny, white, with 14363
14365 Dec. 27

Composite; heads small,
yellow, 2 $\frac{1}{2}$ - 3 ft.
14366 Near 14365 Dec. 27

Grass, Near 14365.
14367 Dec. 27

Commelina, prostrate,
fl. white, Dry roadside
14368 near 14365 Dec. 27

Grass, roadside
14369 near 14365
Dec. 27

Cinchona, on roadside
bank near 14365 Dec. 27.

Legume ^{small}, trailing
fl. yellow, waste ground
north of Allbirds, in dry
rocky soil. Dec. 27
14371

Fern - on cliffs on caliche
outcrop, near 14371.
14372 Dec. 27

14373 Composite; fl. whitish.
An Erigeron? herbaceous
Looks like horse need
Erigeron canadensis. Dec. 27
14374

woody vine, climbing;
fruit size of a blueberry, black
Dec. 27, 1945.
14375

Amarola near Allards Dec. 27
Tree with large ^{young} ~~leaves~~ ^{leaves} ~~when young, filled with~~ ^{before returning}

14376 Kalanchoe - ^{near}
14375 - treated with hot
water, 3-4 ft Dec. 27

14377 Herb; fl. purple.
Near ruins and common.
2-3 ft Dec. 27

14378 Clitoria, fl. purple
climbing over shrubs etc,
Near 14377.
Dec. 27

14379

Polygala. fl. rose purple.
Near mine just west
of Allard's. Dec. 27

14380

Fern. Beneath overhang
on dry, caliche rock
outcrop near 14379.
Looks like a maiden hair.

14381

Cashew nut — *Anacardium*
Long, thick, stiff, broadly elliptical,
Grenada Bolson. Dec. 27

14382

Ornamental.
Mandarin hat; calyx 2 round, disc-
shaped, shallow, red. Shrub from
Tanjillo; brought in by Charles. Dec. 28

14383

Ornamental. Woody vine
with pinnate leaves and large, pale pinkish
lax flowers, with deep carmine lines
at base of corolla, limb and within the throat.
Brought in by Charles. Dec. 28

14384

On shaded side of walls of
ancient fort at Haina Beach
west of Tanjillo, 8 miles. Dec. 28

14385

Shrub; flowers in small
heads, whitish, on rocks above
Haina Beach. Dec. 28

Shrub; composite, fl. yellow; leaves
thick, smooth, fleshy, spatulate. at
14386 indentation at top of rocky
escarpment. Dec. 28.

Grass, 5-6 ft. Near
14387 14386. Dec. 28.

Cyperaceae; fl. in short
dense heads. Beach
14388 sand at Haina Beach. Dec. 28

Grass on Haina Beach
14389 Dec. 28.

Legume; fl. rose purple, large
showy, on long peduncles — a
14390 vine all over the beach
and in the rare and shady
zone; common & vigorous. Dec. 28

14391

Legume, trailing over the
beach sands in shady zone;
fl. pea-like large, deep yellow
on long peduncles. Dec. 28
On Beaches only

14392

Ipomoea; fl. deep rose-
purple, large, 3-3½ in. across. A
woody trailing vine, leaves large,
broad elliptic, thick, ribbed, deeply
notched at apex. Dec. 28
May zone.

Shrub - legume, 3-4 ft.
14393 Fl. purple, pea-shaped
On beach just back
from sand zone Dec. 28

14394 Shrub, 3-4 ft; fl.
whitish in racemes.
On Haina Beach. Dec. 28

14395 Composite; herb, 2-3
ft. fl. lavender purple. On
Haina Beach. Dec. 28

14396 High-climbing, herbaceous vine (Homoea)
with digitately parted leaves; fl. white,
carmine in throat and with carmine ^{lines} near opening
of throat, $1\frac{1}{2}$ in across; buds large with long
spreading caly. lobes. Very floriferous. East of
14397 all in waste ground.

Homoea, fl. $1\frac{1}{2}$ in dia., white, dark in throat.
Climbing, herbaceous vine; Extremely Dec.
floriferous, attractive Near 14396 29

14398 Anamoclit; leaves filiform-divided,
fl. scarlet, very floriferous, waste
ground south of Allard's. Very attractive
herbaceous vine.
Dec. 29

14399 Grass - Eleusine indica
Near 14398
Dec. 29

Legume, woody at base, with
large, lively deepest indigo
14400 flowers; waste ground
south of Allard's near Aerial
Bohian. Dec. 29

14401 Cucurbit; scrambling
over herbage; fl. large, yellow.
Near 14400 Dec. 29

14402 Cactus bean - flowers.
Near 14400, Dec. 29

14403 Conchus, near 14402
Dec. 29

14404 Calomnium suluatum;
fl. immense white; herb vine,
wild near 14402 Dec. 29

14405 Malvaceae. Herb
3-4 ft; fl. yellow.
Near 14402 Dec. 29.

14406 Tree, locust-like; leaves
trine-compound; fl. pea-like
whitish. Near 14402 Dec. 29

14407 *Lantana*; shrub, fl. orange and yellow; stem purplish.
Dec. 29

14408 *Paspalum fimbriatum*
white ground south of
Allard's in waste ground.
Dec. 29

14409 *Setaria*
Near 14408 Dec. 29

14410 *Chorizanthe*
Near 14408 Dec. 29

14411 *Amaranthus* flowers, buds,
leaves, N.W. of Allard's -
fl. deep orange, large $3\frac{1}{2}$ in long.
Dec. 29.

14412 Legume, tree at rear of Allard's
house in neighbor's yard. Flowers
large, tubular; pods long slender
12 - 18 inches long Dec. 29

14413 *Bougainvillea* - purple
flowered. Dr. L. Barro's
patio, Ciudad Trujillo, Dec. 31

Bougainvillea - fl. crimson
Dr. L. Barro's patio. Dec. 31.
14414 Ciudad Trujillo

Both very beautiful
ornamentals.

14415 Tree - called *Marrilla*
said to be wild in mts. around
Santiago de las Caballeros. fl.
pink, fragrant in large globose heads or
umbels; leaves large, very pubescent, heart-
shaped, dentate, very ornamental.

14416 and much liked by bees.

Prickly stemmed small tree nearly Jan. 1
leafless - flowers whitish clusters
from the leaf axils - fl. whitish to
reddish. In waste ground west of

14417 Allard's, mile on coral outcrop.

Vine, woody; fl. white like *Sporaea*,
dark deep in throat, extremely Jan. 1
floriferous, high climbing. Near 14417

14418 Prostrate legume, very small flowers,
purplish; pods like *Desmodium*.
Beside trail west of Allard's on
coral outcrops. Jan. 1

14419 *Sporaea*; fl. blue
like heavenly blue morning glory,
1-1 $\frac{1}{4}$ in across. Near 14418
Jan. 1

14420 - Prickly tree - found at
caves 1 mile west of Allard's; no leaves
same as 14416. A Dominican says
it is called *Pringagnossa*, and dust in
it is used for wushes. Jan. 1

Fern. At big caves on rocks
where powder magazine was,
14421 west of allard's Jan. 1
1 mile.

Malsareous herb in fruit
in waste ground near caves,
14422 fruit covered with soft,
pubescent processes; fls. have
yellow. Jan. 1.

14423 Solanaceae: fl. small
white; leaves very pubescent
Herb 3 ft high.
Roadside near caves.
Jan. 1

14424 Pomegranate Punica
fl. crimson, showy. Roadside
near caves. Ornamental.
14425 Jan. 1

cinna. Flowers
crimson. Roadside near
a dwelling on road leading to
caves. Jan. 1

14426 Grass; Near 14425.
Roadside. Jan. 1

14427 Paspalum.
In a big earthen flower
pot on Allard's front porch.
Jan. 1.

Amphipala buds and flowers -
Spathodea campanulata
14428 Near Allard's Jan. 1.

Passa Imperial - huge Jan. 2
dull yellow flowers like huge
14429 roses; trees, parasymploidal,
coarse, non leafless. On Embassy
grounds = Cochlospermum vitifolium
fl. 6-7 in. in dia. ornamental Willd. Spreng.

14430 Lonicera flowers lilac-like,
but 5-petaled. Herb. Embassy grounds.
Ornamental. Jan. 2.
Stems hairy.

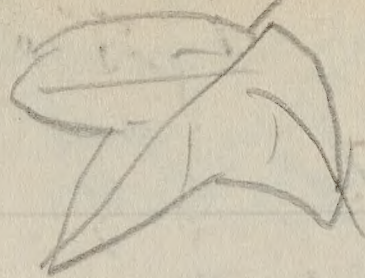

14431 Shrimp - flower. Bracts
dull brownish red. fl. white. Two
lobed, long oblong, with median
purple markings. Embassy grounds.
14432 Jan. 2
shrub; fl. white. - lower lip. - 3 lobed

In Paris yard. Near
near caves at end of Avenida Bolivar
untamed. Para cornida - he said - flowering
as sage-like. Jan. 2

14433 Mikania species; leaves
pubescent. At edge of caves on rocks
and soil above; high climbing Jan. 2

14434 Small delicate fern all
over the vertical, pitted rocks at the
caves. Jan. 2, 1945

A fern with short, 3 lobed mostly,
hands at base at
14435 end of Arenida

Bolivar,

Jan. 2,

14436 Fern - shield-fern in
appearance - on vertical walls
on the sides, Jan. 2,

14437 Euphorbia with narrow
leaves, roadside on way to
caves above Jan. 2, 1945

14438 Shrubby legume; fl. yellow.
in 14437.

14439 Tithonia along roadside;
very beautiful; flower
deep orange-red (rays)
within; without yellow. Near
14437. Jan. 2

14440 Tree flowering in dense rareness;
fl. yellow, fragrant; leaves
pinnate, white, all over
east. Jan. 2,

14441 Tiny, prostrate chickweed
like plant with tiny white fl.;
4 petals. In shade of wall
in Allard's yard. Jan. 4,

Legume; flower very small, blue;
on propagating flats of Hecia
at Piedra Blanca.
14442 Jan. 3

Please send identification to
Senar Duarte without fail.

14443 Andropogon On Mt.
at 1200 ft near Piedra Blanca
Jan. 3

14444 woody vine pendent in
great strands from top of tree
40-50 feet in name with strong
flowering stream; fl. small, in panicles
at right angles to pendent shoots;
reddish Jan. 3

Sichromena colorata (L.) Hitchc.
In pasture at 1200 ft; white
at base. Very common. Jan. 3

14446 Herb; fl. white in heads.
In pasture at 1200 ft.
Jan. 3

14447 In thickets on peak near
Piedra Blanca, at 1300 ft.
Herb. fl. blue. Jan. 3

14448 Shonoka - fl. deep rose -
very attractive - 3 in. across
On Arenida Bolivar extended, trailing
over bank. Very hairiferous. Jan. 5

At Cares, at end of
Arenida Bolivar extended.
14449 Jan. 5

Solanum
14450 Fruit small, crimson.
Herb, prostrate, fl. white. On
rocks in central enclosure of cares
above, Jan. 5

14451 Herb. At large central
enclosure in cares; fl. ^{light} rose,
small. Herb. Near 14450 Jan. 5

14452 On calciche rocks
at cares above - prostrate
fl. in slender, dense spikes.

14453 Shrub or small tree with
large, dark green, oblong, entire
leaves, and small yellowish flowers
in large terminal panicles, fragrant
in rain at cares Jan. 5

14454 Small tree at cares; flowers
whitish. At cares
Jan. 5

14455 Mint, low, prostrate,
fl. purple. At cares.
Jan. 5.

Grass. Roadside - Arenida
Bolivar extended - near cares
14456 Jan. 5

Panicum, on road to cares -
leaves large, broad,
14457 very velvety. Jan. 5

14458 *Malvaceae* - Herb
4-5 ft. fl. large,
light yellow, dark within.
Roadside near 14457 Jan. 5

14459 *Ruellia* ^{*elliptica*} ~~*elliptica*~~ *Bombaraceae*
Flowers large; stamens long (5 in.), crimson.
calyx smoothly or granly truncate.
Embassy grounds. Jan. 6

14460 *Cryptostegia grandiflora*
Embassy grounds. fl. showy, deep
lilac, bell shaped, monopetalous.
Jan. 6

14461 Yellow *Casipoua* - spontaneous
in Allard's grounds. *Casipoua sulphurea*
Jan. 6

14462 Legume, prostrate, fl.
small, blue.
In waste ground in front of
Allard's Jan. 6

Herbaceous, white flowers
in small, dense heads
14463 In waxy ground south of
Allard's. Jan. 6
2-3 ft

14464 Herb. Fl. small, white
in 2 rows in a one-sided
curved spike. with 14463
Jan 6 2-3 ft

14465 Shrub flower. From
Embassy grounds, Jan. 7

14466 woody vine climbing to
20-25 ft; fl. small,
orange. Near cars. Jan. 7

14467 High climbing, hairy stemmed,
waxy-leaved legume, past flower,
pods large. *Incharia* 2 Jan. 7.
at entrance to cars near 14466

14468 Small tree at cars near
entrance; fruit globose, 3 celled,
No flowers

14469 High climbing vine,
woody; fl. small, white
Jan. 7
Hemides

High climbing woody vine
climbing to tops of tall
14470 trees; in fruit only Jan 7
thicket near edge of forest.

fl. Roadside banks
on way to cars Jan. 7

14472 shrub - 3-4 ft; leaf
orange yellow, showy fl.
Near 14471 fl 1 1/2 in, arboresc
Jan. 7

14473 High climbing bean
perennial; fl. small white, Jan. 7
leaves flat, 2-4 in pod white
checkered with red. very woody vine
14474 Dodder on shrub in whole ground
near 14473 - fl. white,
Jan. 7

14475 shrub; fl. white.
Near 14473 - 3-4 ft
Mr. Andrew Jan. 7.

14476 Shrub in Wardlaw's yard -
green, slender branches; flowers
crimson, tubular, very attractive.
Ciudad Trujillo. Jan. 8.

Prickly - poppy-like weed on sidewalk
near a house in center of Piedra
Blanca; fl. $1\frac{1}{4}$ in. showy,
yellow. Jan. 8

14478 Climbing, woody vine; fl.
greenish. On trail ~~near~~ to
Rubber (Goodrich) grove. Jan. 8.

14479 Rash-like (white inside) in
flower, faint purplish petals.
at rubber prof. grounds just beyond
creek - 2-3 ft. Jan. 8. ^{turn decided}

14480 Mint, herb, fl. ^{very purple} redish
7-8 ft. tall. In thicket on
trail to Goodrich grove. Jan. 8

14481 Vine, prostrate in woods
on trail to Goodrich grove; fl.
purplish, berries a deep blue.
Jan. 8.

14482 Ornamental at Señor
Miolan's house & yard, at Goodrich
rubber grove - 2-3 ft., fragrant.
fl. white - tuberosa. Jan. 8

14483 Low ledge plant near
14482 16-8 in; fl. whitish -
Jan. 8.

Shrub, 6-7 ft high, woody,
fl. crimson in dense clusters.
Brought from Porto Rico by Hazard.
14484 Very showy ornamental
In Señor Miolan's yard near
14482. Jan. 8

14485 Legume, trailing. At
rubber prof. station, glabrous.
Near 14482; fl. pinkish lavender.
Jan. 8

14486 Bean; fl. white, at same
rubber station with 14482.
Jan. 8

14487 Small tree near 14482
at rubber station, thick.
fl. white. Jan. 8

14488 Cyperaceae - In cult.
ground near Señor Miolan's
at the Goodrich Rubber Station.
8-10 in. Jan. 8

14489 Mango - panicle of
flowers, from Mr. Astrod's
tree near 14482. Jan. 8
fl. whitish to reddish.

14490 Herb; fl. purple
2-3 feet, Near Mr. Miolan's
house above. Jan. 8

Vine (cut, young) on the
rubber prof. grounds at Señor
14491 *Nicotiana*, bl. whitish
Jan. 8

Kudzu - *Pueraria*, natural,
recently by H. Allen on the
14492 rubber prof. grounds. Very
floriferous, bl. purple, very Jan. 8
moderate of seed, which is a
small dark bean.

14493 *Anthrostylian* (cut
severely) hangs in great festoons
from the trees on trail
to Goodrich rubber plantation.
14494 Jan. 8

Herb. in wet, muddy soil at
works on trail above; bl. yellow.
Jan. 8

14495 Herb. prostrate, bl. purplish
or lavender. In wet soil
with 14494. Jan. 8.

14496 Prostrate, small herb
in water and mud with 14494;
bl. white. Jan. 8.

Composite, dandelion like.
14497 in opening on trail above;
Here collected it before. scape
naked. Jan. 8 = *Chaptalia nutans*

Sedge 6-7 ft, dry brook on
trail to Goodrich rubber grove,
14498 Jan. 8

Sagittaria 3½-4 ft. tall.
14499 bl. white, rather large
1 ¼ in or more across
In brook near 14498 Jan. 8

14500 Orchid, previously
collected - see drawing.
On low tree on trail to Jan. 8,
Goodrich Rubber grove.

14501 Solanum - very rank,
bl. white, fruit small, berry-like,
fleshy stems and pubescent. Near
Piedra Blanca on trail above,
Jan. 8

14502 Shrub, waste ground in
front of Allard's Lizard Trujillo,
Flores strong, brown. Leaves
distinctly with plane, like papaya.
Fl. bl. short, axillary, Jan. 8

14503 Tree, in park at La Vega
bl. white in dense scrub or copse.
Jan. 12

14504 Roadside beyond La Vega
at mountain ridge. Jan. 12

Roadside near La Vega.
on steep, shale slope; trailing; fl. white
14505 Jan. 12

In pine forest at 1500 ft in
mountains going to Jarabacoa.
14506 at 1500 ft; tall shrub; fl. yellow
very showy. Composite Jan. 12

Shrub, leafless mostly;
14507 low shrub; fl. crimson
in loose, sessile panicles, very showy
2-3 ft. In pine forest at 1500 ft.
Flowers dry pure blue. Jan. 12

14508 Grass: pine forest above - same
loc. Jan. 12

14509 Grass: same locality Jan. 12

14510 Legume. shrubby, prostrate.
Jan. 12 Same loc.

14511 woody; fl. yellow
same loc. Jan. 12

Near fl. whitish. at 1500 ft.
in pines at 1500 ft. Jan. 12
14512 near Jarabacoa.

14513 Grass. In same loc.
with 14512. Jan. 12

14514 Grass. Near 14512
Jan. 12

14515 Shrub. 2-3 ft. fl. white;
Near 14512 Jan. 12

14516 Elfhanto pua; low herb;
fl. lavender. Near 14512
Jan. 12

14517 Ipomoea, fl. small, blue,
3/4 in. arisa; herbaceous vine;
in pines with 14512
Jan. 12.

14518 Low, prostrate; fl. pinkish.
with 14512. Jan. 12

~~Grass~~ (*Panicum*) dense, loose
patches, clumps, in pines near
14519 Jarabacoa, Jan. 12

Paspalum - in pines
14520 with 14519 Jan. 12.

Prostrate herbaceous plant,

On wall of sandy estate just
below 14561. Jan. 11

14563 Shrub; white flowers; 8-10 ft
On Mt. Palo Quemado at 1000 ft.
= *Bodonia peruviana*, Jan. 11

14564 Legume, *Acacia sclerophylla*
with red galls on leaves; small
tree; 1000 ft. Near 14563 Jan. 11

14565 *Schinus molle* parviflora; fl. white,
(rays). La Cumbre near 14561.
Jan. 11

14566 Moss panicles with
diseased panicles (fungus)
Near 14561 Jan. 11

Cyperus alternifolius
14567 Wet soil below 14561
in ditch. Dominican = *Paraguita china*
= Chinese little umbrella.
Jan. 11.

Piled. On moist banks
near 14561. ~~near~~ Jan. 11.
14568

Mezophyllum verticillata
14569 Wild (flowerless) in ditch
near 14561. Native name
plumade. Jan. 11

14570 *Valeriana scandens*
(herb. vine) fl. white. Near
14561 Jan. 11

14571 Piled. Jan. 11
Cigna = native name
Moist banks near 14561

14572 *Elephantopus mollis*
white fl.; woody herb
near 14561 Jan. 11

14573 woody vine. On healthy
slope at La Cumbre; pale
corolla; ornamental;
fl. large. Jan. 11 Near 14561

14574 *Ageratum* sp.
fl. purple; moist soil
near 14561

Slender - malvaceous fl.
pink roadside at La Cumbre
at military barracks at 1500 ft,
18 bl. from Santiago,
Jan. 11

14576 Gnaphalium.
Roadside tank near 14575.
Jan. 11

14577 Salvia ucinia,
Roadside at La Cumbre, Jan. 11
Herb. fl. scarlet, strong. 2-3 ft.

14578 Jussiaea erecta
fl. yellow; roadside ditch Jan. 11
at La Cumbre at 1500 ft.

14579 Tree. fl. reddish, large;
base part woolly. very thick
stems etc., at La Cumbre, near
barracks, Jan. 11

14580 Polygala paniculata?
fl. white. moist soil on tank.
La Cumbre near 14579, Jan. 11

14581 Emilia sonchifolia
Heads white. Composite. Roadside
near 14579 Jan. 11

Badiera (Polygala) persea.
Dominican name: Guichraha.
(weak hatchet) shrub with small, white fl.
14582 on tank at La Cumbre near
military barracks. Jan 11. at 1500 ft
nearly.

14583 Cyperus olivaceus. wet soil
in ditch just below barracks,
at La Cumbre, Jan. 11

14584 Bocconia frutescens tree
large panicles of pinkish fl.; leaves
large. Near 14583 Jan. 11

14585 Cyperus
wet soil in ditch by
roadside at La Cumbre barracks,
Jan. 11

on moist banks at La Cumbre;
fl. tiny, yellowish. Herb. Jan. 11

Leuca martinicensis
14598 Shrub; fl. white, in dense
glabrous heads; 3-4 ft.
Moist soil at La Cumbre,
Jan. 11

14599 *Lantana*. fl. crimson.
On banks at La Cumbre.
shrub 4-6 ft. Jan. 11

14600 *Distrepis spicata*
Shrub; fl. white, 3-4 ft.
Moist banks at La Cumbre
Jan. 11

14601 *Solidolus minimus* (?)
Legume with small yellowish fl.
on banks at La Cumbre. Jan. 11

14602 *Desmodium* (sp.)
on banks at La Cumbre.
Jan. 11

Eupatorium
shrub 4-5 ft. fl. whitish
on bank at La Cumbre near
14603 barrocas, at 1500 ft., 18 bl.
north of Santiago. Jan. 11

14604 *Gnaphalium*, shrub,
heads whitish, on bank
near 14603 Jan. 11

14605 *Puellia coccinea*,
shrub (3) fl. crimson showy,
on bank at La Cumbre, Jan. 11

14606 *Parania typhalaea* = *Cadillon*,
shrub; fl. white, Bank at
La Cumbre, Jan. 11

14607 *Thunbergia grandiflora*
tough vine on estate at
La Cumbre; fl. bayonet, large,
Very showy ornamental. Jan. 11.

14608 Composite; heads whitish.
on bank at La Cumbre.
Jan. 11

14609 *Oxalis* sp.
bl. deep pink; Very floriferous
and showy, beautiful
on moist wooded bank at La Cumbre
Jan. 11

Echecharia caribaea
on ditch, mud and water
at La Cumbre. Jan. 11
14610

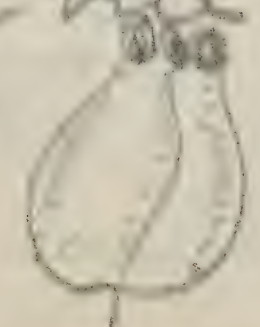

Hypoxis decumbens
Low herb; fl. yellow, rather small,
on moist bank at La Cumbre,
14611 Jan. 11

Chaptalia nutans
14612 Composite; fl. whitish; leaves
white woolly beneath; leaves
basal. On bank at La Cumbre, May 11.
Other numbers coll. elsewhere around
Piedra Blanca. Jan. 11

14613 *Gnaphalium* sp.
On bank at La Cumbre,
Jan. 11

14614 Small tree or shrub
on Mt. Paro Quemado at
1000 ft on highway to La Cumbre,
17-18 bl. north of Santiago
seed pods winged, crimson Jan. 11
with its pods.  winged, showy
14615 crimson.

shrub; fl. small, white
Near 14614 Jan. 11

14616 shrub or tree; pods 3 angled
or winged.  Roadside slope
near 14614
Jan. 11.

Eupatorium or Vernonia
Heads whitish; roadside at La
14617 Amhe at 1500 ft Jan. 11

Typha domingensis
14618 in water & mud soil near
Trijillo aqueduct near Santiago.
Jan. 10 4-5 ft.

14619 Agave intermedia Treb.
On shaly slope near 14618 - fl. stem
7-8 ft. tall bearing large masses of
showy, orange yellow fl in a big panicle;
stamens the showy part; foliage very
14620 abundant, Jan. 10. grown as
ornamental. fl. crimson on
thick, succulent stem. near
yard near Santiago. Jan. 10

14621 Portulaca like flower and
plant; fl rose pink; prostrate, in
Allard's yard: Boiling water.
July 14

14622 shrub 2-3 ft; fl. purplish
on waste ground in front of Allard's
July 14

14623 Herb - 2-2 1/2 ft.
fl. purple in waste ground
with 14622. July 14

Solanaceae - Very pubescent; fl. white
waste ground just in front of Allard's
- 3 ft; south.
14624 Jan. 16

Artemisia sp. Jan. 16
heads white; very common

with tiny white flowers
S.W. of Allards Jan. 16

14644 Trailing legume in bank
near 14643; fl. small,
yellow, pods small. Near
14643. Jan. 16

Grass, tall, millet like or *Setaria*-like
5-6 ft. in clumps; Heads have
golden color. Roadside Jan. 16
14645 S.W. of Allard's $\frac{3}{4}$ mile
Jan. 16

14646 *Setaria*. On dry, stony, roadside
bank. S.W. of Allard's $\frac{3}{4}$ mile.
Rather striking in habit
Jan. 16

14647 *Chloris*; dry roadside
bank near 14646
Jan. 16

14648 *Elevine indica*
Roadside S.W. of Allard's
one mile. Jan. 16

14649 Grass; roadside near
14648. Jan. 16

14650 Grass - 4-5 ft., not good
south west of Allard's $\frac{3}{4}$ mile
Jan. 16

14651 *Chloris*; purplish red spikes
purplish red spikes, verticillate
in arrangement, very attractive
Near 14650 Jan. 16

Paspalum fimbriatum
Grassy land S.W. of
14652 Allard's $\frac{3}{4}$ mile. Jan. 16

Setaria sp.
14653 Near 14652, Jan. 16

14654 Spurred; fl. spikes; trailing
over shrubs; fl. rather
small - $1\frac{1}{2}$ in across
Near 14652. Jan. 16

14655 Grass, rooting at
nodes, declined; near 14652
Jan. 16

14656 Grass; near 14652;
Jan. 16

14657 Grass 5-6 ft.
Near 14652 Jan. 16

14658 *Setaria*
Near 14652 Jan. 16

Carex; waste land S. W. of
allards one mile. Jan. 16.

14659

Bidens

Heads ^{with} small yellow rays -
14660 Near 14659. Jan. 16

Mint 4-5 ft.

14661 fl. small, purplish lavender
in dense panicles. Near 14659
Jan. 16

14662 Vine, very hairy, trailing
low over the herbage; fl. in
dense heads, blue, $\frac{3}{4}$ in across
Leaves entire, acuminate, cordate,

14663 *Cenchrus* - dense spikes
waste land near 14659. Jan. 16

14664 Grass.

Near 14659 Jan. 16

14665 *Paspalum* near 14659
Jan. 16

Shrub - 4-5 ft.

Leaves mostly fl. small, yellow;
14666 in waste land west of allards
near hurricane run
Jan. 16

14667 *Andropogon*; slender; in
dry caliche outcrops near
14666. Jan. 16

14668 *Tricholena rosea*

Panicles tufted red; very attractive
Near 14666. Jan. 16.

14669 *Setaria*. Near 14666.
Jan. 16

14670 Herb; fl. whitish in
dense hairy heads.
Near 14666. Jan. 16

14671 Low composite, declined;
heads rays white; very common
everywhere in dry open waste ground,
with 14666 Jan. 17

14672 *Sisymbrium*; woody. 1-2 ft. fl. white
in dense, apillary heads; involucre lobes ciliate
leaves rugose or. Fl. strongly depressed, veined
broadly elliptic. On allards land; very
common Jan. 17 *Rubiaceae*.

Composite, herb in Allard's garden;
elongate, slender heads, tiny yellow rays,
leaves off, linear; hairs equal. A peruvian,
14673 dainty little plant. Jan. 17

Eleusine indica
14674 In Allard's garden. Jan. 17

Sactylon cynodon
14675 In Allard's lawn. Jan. 17

14676 *Diodia* sp. flowers smaller,
not or little ciliate; leaves narrowly
lance-shaped, smooth. Different
from 14673, Allard's lawn.
Jan. 17.

14677 *Amaranthus* - 2-2½ ft.
In Allard's garden.
Jan. 17

14678 Legume, forming large
mats on dry sandy soil
near at hurricane ruins.
fl. purplish-red. Jan. 17
Jan. 17.

14679 Shrub 6-8 ft, very prickly;
stiff. fl. small, white
Near ruins above
Jan. 17

Trailing prostrate legume;
fl. deep rose pink.
14680 In lot near ruins.
Jan. 17

Prostrate legume, tiny
14681 purple fl. *Bidens*!
In lot near hurricane ruins.
Jan. 17

14682 Mint, trailing in
thin, poor dry soil. Near
hurricane ruins just west of
Allard's Jan. 17.

14683 *Cardiospermum*; fl. white
pods 3 cornered - long trailing
at hurricane ruins.
Jan. 17

14684 Composite, herb, fl. red.
In dry soil near 14683
Jan. 17

14685 Sensitive plant; fl. rose
pink; low, woody.
Near 14683 Jan. 17

Centrosema; trailing over
14686 herbage etc. at hurricane
ruins. Jan. 17.

Bidens leucantha
2-3 ft; rays large, white.
14687 Very common, Allard's grounds,
Jan. 17

Portulaca oleracea; fl. yellow.
14688 In dry soil near ruins, just
west of Allard's. Jan. 17

14689 *Bryophyllum*
Near 14688. Killed in boiling
water to hasten drying. Jan. 17.

14690 *Commelina*; petals pure white.
Punctate; in sandy, dry soil
near hurricane ruins. Boiled to
hasten drying. Jan. 17

14691 *Commelina*; fl. blue;
near 14690 Jan. 17

14692 *Piedra Blanca*; held at Allard's.
collected as an epiphyte - woody,
fl. in long, slender ~~leaves~~ dark green
leaves. Jan. 17

14693 Grass, in Allard's
flowerbed. Jan. 17

Chickenweed-like plant in Allard's
lawn; fl. tubular, pale lavender.
14694 Rust on leaves beneath, brown;
for John A. Steenson.
Identify. Jan. 17

In flower box at Allard's;
14695 tiny plant with tiny
flowers. Jan. 17

14696 Sedge ^{just} below bridge
over the Maimon River at
Piedra Blanca, in wet soil Jan. 18

14697 Small-fruited red pepper -
3-4 ft tall; very bad, in

Jan. 27

Fern. Several sheets of
14969 our V. S. field fern; in same
ravine with 14968
Jan. 27

14970 Fern.
In same ravine with
14968 Jan. 27

14971 Sonchus
Roadside just below
Colonia Ranfis.
Jan. 27

14972 Fern.
In ravine with 14968.
Jan. 27

14973 Fern.
On bank just below
Colonia Ranfis on highway.
Jan. 27

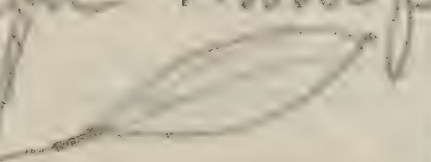

Fern.
On rocks one mile below
Colonia Ranfis on highway.
14974 Jan. 27

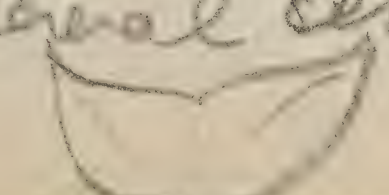

Legume (Bignon), fl. purple -
14975 On bank below Colonia Ranfis
Jan. 27.

Fern. In same ravine
14976 with 14968. Jan. 27

Vine; Round kidney-shaped
14977 leaves on cliffs below
Colonia Ranfis 2 miles
Jan. 27 

14978 Andropogon, Beside
highway below Colonia Ranfis
 $\frac{1}{2}$ mile Jan. 27

14979 Prostrate fleshy plant
on edge of cliffs hanging
over rocks 2 miles below
Colonia Ranfis on highway.
Jan. 27 

14980 Same. On bank near 14979.
Throat red, several celled  not large. 

Fern. On bank below Colonia
Ramfis. 1 mile, along highway.
Jan. 27

14981

Bidens; heads yellow;
Roadside just below Colonia Ramfis.
14982

Vine with small whitish flowers.
On steep bank $\frac{1}{2}$ mile below
14983 Colonia Ramfis on highway.
Jan. 27.

Grass.
14984 On bank just below
Colonia Ramfis.
Jan. 27

14985 *Cyperus*
with 14984.
Jan. 27

14986 *Cyperus*.
In ditch by roadside
near 14984
Jan. 27

14987 *Cruciferae*; fl. yellow
On bank near 14984
Jan. 27

Grass. On bank near 14984
Jan. 27.

14988

14989 Composite - 6-7 ft. high
just ready to flower; near 14984
Jan. 27.

14990 *Lepidium virginicum* L.
On same bank near 14984
Jan. 27

14991 Composite. On bank just
below Colonia Ramfis by highway.
Jan. 27

14992 Composite; heads crimson,
showy; in banana field at
Colonia Ramfis. Jan. 27

14993 Legume, peanut; fl. yellow.
with 14992.
Jan. 27

14994 *Bidens*; heads yellow.
In same field with 14992.

Dichromena colasata.
Subtending bracts entirely green
as the leaves.
14995 In roadside gully just below
Colonia Ranfio, Jan. 27

14996 *Solanum*; fl. white;
Roadside near 14995.
Jan. 27

14997 *Sonchus*-like plant;
flowers whitish; near 14996
Jan. 27.

14998 Chickweed-like plant;
fl. white. In field of
bananas near Colonia Ranfio.
Jan. 27.

14999 Orchid: *Piedra Blanca*.
fl. petals - the long slender ones
white, purplish red at base.
Dec. 11, 1945

15000 Seed of *Albida* moon vine
Toma sp. petalum, grown at
Ciudad Trujillo, accompanied,
in contrast with the black seeds of
the native one, Jan. 28

15001 Pompadour beans - purchased
at San Cristobal for Dr. Gaumeyer
U.S.D.A.

Pompadour field beans
for Dr. Gaumeyer, collected at
15002 Santiago, Jan. 11

15003 Seeds of *Sapote*
Achras sapote L. = (Mamon)
Ciudad Trujillo, O. wagon.
Jan. 28, 1946

15004 Seeds and pods of
Mahogany Swietenia
mahoganii, on *Sapote*

15005 Highway, La 1/4 Pod 3 in long
by 1 3/4 in greatest width.
Seed of wild mango, very
heavy - Ciudad Trujillo, Sept. 1945
Howard F. Allard

15006 Seed of huge podded vine
found along the Mamon River =
Eutada scandens (L.) Benth.

15007 Cacao pods and
seeds (beans)
Piedra Blanca
Dec. 20, 1945

15008 Yellow-rayed composite -
in Allard's garden, Jan. 30,

Desmodium - fl. small, purplish
red; in Allard's garden.
15009 Jan. 30,

Grass with peculiar pinnate
stipules; in Allard's garden.
